

Hebron Historical Society - Dear members,
Please accept the thanks of the Friends
of Douglas Library for the loan of the
magnificent dinosaur footprint. Through
the generosity of the Hebron Historical
Society this incredible artifact is once
again seeing the light of day. Many
eager to learn youngsters will actually
be able to see and touch a relic
that before they could only dream of.

This entire experience demonstrates
how alive is the spirit of cooperation
between our two organizations. We
are both interested in serving our
community by making available one
of the greatest gifts of all:

Knowledge!

Sincerely,

Friends of Douglas
Library
