You are HERE --Pot of Gold at End of Green!

Happy St. Patrick’s Day and Welcome to the Home of the Hebron Historical Society. We hope that you will attend our sure-to-be interesting programs, and support the many different events on June 2nd.

Spring is just around the corner, and that means it’s almost time to start working in your gardens. As you cull your over-abundance of perennials, please pot and save them for our **Plant Sale**. A good plan is to donate your extras, and then visit the sale to discover plants you’ve always wanted in your garden. That’s a “win - win” for both you and the Historical Society!!

We are holding a **Spring Medley Market** along with the Plant Sale. We have a variety of vendors selling soaps, beef, dog walking services, books, bags, candles and more. Contact us if you’d like to be a vendor.

And finally, when doing your Spring Cleaning, and discover clothes you no longer wear, bring them along to Old Town Hall on June 2nd and contribute them to the **Clothing Drive**.
