We invite YOU to re-create a bit of Hebron!!

Accept the challenge!! Create and decorate a gingerbread structure to share with your Hebron friends. You might wish to model your gingerbread after one of Hebron's old houses, your church, the Old Town Hall, the Burrows Hill School, a log cabin, a teepee, a locomotive from the Air Line -- or even something not historic, but perhaps whimsical. It's up to you! Let's make this a wonderful community event, a new tradition, something for all to enjoy.

Make your structure from scratch or from a kit. To attach your candies, nuts, pretzels, etc., use an icing that will harden. Put your gingerbread creation on a firm base, cover it with plastic wrap, and bring it to Old Town Hall on Friday, December 6th between 3:00-6:00pm.

Your creations will be considered a donation to the Historical Society, and any money raised through their tea-cup auction will be used towards the upkeep of Old Town Hall and the Burrows Hill School.

Start planning now!
